

**Final Revised Proposal to
Lease Offices, Warehouses, Piers and Related Spaces
Submitted in Response to
Solicitation for Offers (SFO) No. 09WSA0200C**

Parking Plan

The Port of Newport is proposing to develop 183 permanent parking stalls within the NOAA MOC-P Compound. All parking spaces will be secured and lit in accordance with the Security Section of the Solicitation. Handicapped parking will be provided in accordance with local code. Spaces used for long term parking can be further secured with an inside perimeter fence, if desired. The following site layout depicts locations of all parking spaces.
